

# THE BELT RAILWAY COMPANY OF CHICAGO

## MECHANICAL NOTICE #2019-020 Effective December 3, 2019

**To: All Concerned**

**Subject: Hearing Conservation Program- On-Site Audiometric Testing with Mobilear**

The primary goal of the Belt Railway's Hearing Conservation Program is to comply with 49 CFR Part 227, Occupational Noise Exposure for Railroad Operating Employees, and to provide a safe working environment in regard to noise levels for employees covered under this program.

Mobilear Inc.'s mobile audiometric testing van will be on site from January 6<sup>th</sup> through the 8<sup>th</sup> to test the hearing of BRC employees as required by the Hearing Conservation Program and 49 CFR Part 227.

Testing is required for employees hired in 2019.

The sign-up sheet is in the RIP office. The deadline to sign up is December 16, 2019.

**If there are any questions, contact the undersigned or the Director Strategic Planning and Compliance.**

H. Simon  
Superintendent Mechanical  
Belt Railway Company of Chicago
