

The Belt Railway Company of Chicago

COVID-19 GUIDANCE FOR EMPLOYEES – Additional Vaccine Information

Three COVID-19 vaccines have received emergency use authorization (EUA) from the US Food and Drug Administration (FDA) for use to vaccinate against COVID-19.

The BRC continues to encourage employees to individually register for vaccination through their local health departments.

As Essential Workers, railroad employees are identified as eligible as Class 1B citizens and are now eligible for vaccination.

See this link to understand the eligibility for vaccinations in Illinois:

https://www2.illinois.gov/IISNews/22614-Phases_1A_and_1B_of_Vaccine_Distribution_in_Illinois.pdf

Two new web portals have been established to assist employees in finding a vaccine location and scheduling an appointment.

<https://vaccinefinder.org/search/>

<https://www.vaccines.gov/get-vaccinated/where>

These web sites provide eligible residents with nearby vaccination sites, information on how to make an appointment to receive the vaccine, updates on the state's plan and eligibility, and answers to frequently asked questions about the COVID-19 vaccine.

Sincerely,

Michael J. Grace
President
